February 2011

Dear Alternate Candidate of Badger Girls State:

You have been selected as an alternate for your school, local sponsor and financial contributor at the 68th session of Badger Girls State, which will be held on the UW-Oshkosh campus, June 19 - June 24. As an alternate you must be prepared to replace your school's delegate should she choose not to attend Badger Girls State.

ONLINE REGISTRATION. A letter for Alternate(s) has been sent to participating schools. **In order to complete online registration you will need to use the information provided in the Alternate letter sent to your school's Badger Girls State representative.** If you have questions regarding online registration, feel free to contact Carrie Thrasher at Department Auxiliary Headquarters.

Upon completion each Delegate and/or Alternate will receive a confirmation (email) and will be directed to the Wisconsin State Badger Girls website for BGS Session information. Contact information is listed above if you or your parents have any concerns or need additional information.

A complete overview of the Badger Girls State program is presented during program orientations scheduled throughout the state. We strongly recommended that alternates attend these orientations as well as the delegates so they are knowledgeable about our program in the event the delegate cannot attend. If you are serious about attending Badger Girls State inform the person that is doing the orientation and she will make a note of your name and telephone number. These names will be given to our Portage Office in case there are cancellations and no alternates listed.

The American Legion Auxiliary sponsors Badger Girls State with additional financial support received from civic organizations, service clubs, businesses and school groups whom have paid tuition for your room, board and study materials. Should the delegate and even you, change your mind and decide not to attend and another alternate cannot be found, not only does the contributor lose their tuition fee but also another possible candidate misses out on the opportunity.

Sincerely,

Delores Woolf
